Av. Mariano Otero #1499

Col. Verde Valle, Guadalajara,

Jalisco, México

详细资料（活动背景、市场分析、上届回顾、活动特点）

Focus on die casting processes

EUROGUSS MEXICO transports the world-leading concept of EUROGUSS to the Mexican and North American market and forms the only exhibition dedicated to non-ferrous die casting in the market. Its concept focuses on innovative solutions for die casting processes like aluminium die casting, magnesium die casting or zinc die casting. The product spectrum is rounded off by themes like rapid prototyping, CNC machines, metal alloys, die casting moulds, peripheral devices, joining processes, process optimization, energy efficiency, material testing, die casting machinery or 3D printing.
